

# £50 Rebate Off Your Council Tax

**Did you know more heat is lost through un-insulated walls than any other part of the home!**

**Bracknell Forest and British Gas offers you a £50 rebate off your council tax and you'll save on your energy bills by having your cavity walls and/or loft insulated.**

*Lessen the impact of increases in fuel prices  
- now is the time to make ongoing savings.*

- **Prices start at £250 for cavity wall works and £275 for loft works. Remember this is a significantly discounted price, the true cost being around double. The Energy Saving Trust estimates the fuel savings made would recover these costs in two years.**
- **All Borough residents who pay to have the insulation works carried out will have the £50.00 rebate paid by cheque direct to them after full payment has been made to British Gas.**
- **Residents in receipt of an income related benefit will be entitled to the insulation works for free and will not therefore qualify for the £50 rebate.**

**Call now for a FREE**

**no obligation survey from British Gas - 0845 971 7731**

(Quote 'BRAC'). Lines open 8am-8pm Mon-Fri and 8am-1pm on Saturdays. You can take advantage of this offer regardless of whoever you buy your gas or electricity supply from.
