

About Us

Edgbarrow & Sandhurst Sports Centres have over 20 years experience in providing a varied programme of activities for all age groups. Our junior course programme is designed to give local children the opportunity to do sports which they can continue to participate in for years to come. We are dedicated to providing the very best community sports.

All of our courses are led by qualified and experienced coaches who teach in a relaxed, friendly and playful environment.

What can we offer your child?

We offer a wide range of activities across the 2 centres. We can offer activities from Pre-School groups to our archery classes where parents are welcome to attend with their children. Whether your child wants to improve their football skills to impress their friends at school or learn the skills and discipline involved in martial arts, we can accommodate. The full programme is enclosed on the centre of this brochure.

How do I get my children involved?

Simply look through the activities listed within this brochure and choose the ones that are of interest. We give priority booking to people currently enrolled on our courses, the timetable for enrolment is included on the previous page. There are added benefits in being a member of the facilities – you can enrol a week earlier than non-members and get a better price!

How much does it cost?

The courses offer superb value for money and the tariff is explained on the table on the right. If you have any questions with regards pricing please contact us on the telephone numbers on the back of this leaflet.

If we have stated a "Pay As You Come" price (PAYC), these can be used if you are likely to come less frequently or to see if your child enjoys the session. However this may be subject to number restrictions and will be operated on a first come first served basis. For better value for money book for the term, guarantee your space and save money against our PAYC prices.
