

Registrar General's mid-year population estimates – Armed Forces population

Provided by the Defence Analytical Services Agency (DASA) to the ONS for use in compiling the mid-2002 population estimates. The data is in respect to armed forces personnel in England and Wales by where they were based at 01 April 2002 and 01 July 2002. These figures are rounded to the nearest 10. Please note that this data reflects the number of HM Armed forces personnel stationed in local authority areas, and are not a direct measure of the resident population of armed forces personnel.
