Cells in this table have been randomly adjusted to avoid the release of confidential data.

Note: * Other includes; other community; social and personal service activities; private households with employed persons and extra-territorial organisations and bodies.

Please note that Armed Forces figures comprise those people who responded "Armed Forces" to the industry question and Commissioned Officer or "Other rank" to the occupation question. As some people who were in the Armed Forces may have given other occupations or industries, the figures in this table for 'public administration and defence' are likely to underestimate the true figure.

This is, however, unlikely significantly to affect the figures presented here in the vast majority of areas. ONS will release more detailed analysis in due course to help with the interpretation and use of this information.
