Supporting People

Performance Indicator Workbooks 2015-2016

What's New for 2015?

- **SPI 2b** Utilisation for Floating Support Services is no longer being calculated, as it was found to not produce reliable or useful information.
- **Marital / Civil Status** is now included on the Client Record Form worksheet as part of our equalities monitoring.
- **Ethnicity** is now also included on the Outcomes worksheet as there is no easy way to transfer this information between different years, and it is a requirement for the Authority's Equalities Monitoring process.
- **Problems** with some of the drop-down boxes on the Client Record Form and Outcomes worksheets have been resolved.
- **New FAQ sheets** have been produced for the Client Record form and Outcomes Form worksheets.
- **Prompts** have been included on the quarterly worksheets
