

**Crowthorne Village Action Group's response to the draft recommendations of the
Community Governance Review**

The Crowthorne Village Action Group (CVAG) are content with the proposed boundary for Crowthorne parish, particularly with regards to the inclusion of Derby Field and Edgbarrow Cottage.

We are pleased that the draft recommendations acknowledged the evidence that any development on Derby Field would look to Crowthorne rather than Sandhurst for its community connection, and we feel the fact that this same point was made in submissions from Crowthorne Parish Council, only adds more strength to the argument.

We thank the working group for incorporating these changes.
