

Response Ref	Public/ Organisation	Parish/ town Council area	Please tell us what you think works well or what you like about the proposed arrangements and why.	Are there any changes you would like made to the proposals?	Are there any changes you would like made to the proposals and why?	Do you have any further comments?
1	Member of public	Bracknell Town Council	I believe Bracknell Forest council speak on my behalf. My local facilities are the sports centre, south hill park, playgrounds in the area, local green spaces, the look out centre and woodlands and south hill park arts centre. I identify my local community as the combined areas of birch hill and crown wood.	Keep them as they are there is no actual need to change as there isn't any additional housing/flats being built in the area.	They are not needed in this area.	
2	Member of public	Crowthorne Parish Council	With regards to Crowthorne, I'm content with the recommendations.	The only change is one I'm constantly told is impossible, however firmly believe the impossible can often be achieved. Go google Crowthorne, what comes back on google maps is half Crowthorne and half Wokingham Without, which is bonkers. It's about time this was addressed, it would make the TOWN of Crowthorne work better, and be more inclusive to all residents.		No, thanks
3	Member of public	Bracknell Town Council				
4	Member of public	Warfield Parish Council	Better representation.	No	No	No
5	Member of public	Bracknell Town Council		Response to proposed ward changes affecting Dene Close, Bracknell. We would like to support the original ward proposals for Dene Close and the other cul-de-sacs emanating from Lynwood Chase, which would have meant that they were part of a new Warfield ward. This area of Bracknell is so close to the main Warfield Road and it would seem logical for the boundary to go up the middle of Holly Spring Lane to the junction with Warfield Road. Then to continue down Warfield Road until it reaches the original Warfield Boundary. However under the current revised proposals, this would mean that Dene Close and the other cul-de-sacs emanating from Lynwood Chase, would be in effect a little off-shoot of Bullbrook yet surrounded by Warfield on two sides (with the Warfield boundary having moved from the middle of Goughâ€™s Lane to behind the houses on the left hand side of the road, if approaching from Holly Spring Lane). It is more logical for Dene Close and the other cul-de-sacs emanating from Lynwood Chase, to be part of the Warfield ward, given their proximity to Warfield and we respectfully ask you to reconsider the current proposals.		As stated above Response to proposed ward changes affecting Dene Close, Bracknell. We would like to support the original ward proposals for Dene Close and the other cul-de-sacs emanating from Lynwood Chase, which would have meant that they were part of a new Warfield ward. This area of Bracknell is so close to the main Warfield Road and it would seem logical for the boundary to go up the middle of Holly Spring Lane to the junction with Warfield Road. It is more logical for Dene Close and the other cul-de-sacs emanating from Lynwood Chase, to be part of the Warfield ward, given their proximity to Warfield and we respectfully ask you to reconsider the current proposals.
6	Member of public	Binfield Parish Council	I live in Wykery Copse and am happy to stay in the Binfield boundary. I do not want Wykery Copse to become part of Jennets Park. I am not submitting evidence or writing an essay. I don't have time to read the documents or come up with any sort of well-researched statement. I have stated my view. That is all. 7	Member of public	Binfield Parish Council	I live in Wykery Copse and am happy to be part of Binfield. I am a member of Binfield badger group, have had an allotment in Binfield and enjoy the arts week run by Binfield and other parishes each October. Our postal address is also Binfield, rather than Bracknell and we would prefer to remain part of Binfield, as has been suggested in the current review.			

8	Member of public	Binfield Parish Council	I am based in Wykery Copse and like being part of Binfield Parish. It would be much better if there was a safer path connecting the two parts of Beehive Lane. Otherwise the local facilities including schools are great and I prefer Wykery Copse not being absorbed into Jennetts park. That being said the boundary makes zero tangible difference in our day to day lives.	None.	No e	Please leave the boundaries where they are.
9	Member of public	Binfield Parish Council	I do not agree with the proposal	I believe the Wykery copse area of Jennetts Park should be united with the rest of Jennetts Park under Bracknell Forest	I believe the Wykery copse area of Jennetts Park should be united with the rest of Jennetts Park under Bracknell Forest	
10	Member of public	Not applicable		I disagree with the extension of Crowthorne to include Derby fields. The railway line is a clear boundary and must be respected. There is no clear timeline regarding house building on derby fields or even if it would be approved.		
11	Member of public	Bracknell Town Council	Instead of just deciding on the new rules and boundaries and asking for endorsement maybe allow the community to write in with the they feel the council needs to function	Disclaimer - I am from Bracknell. I just want our views to be heard about the towns leadership and finances. Endorse a collaborative effort and you have the best wishes of this constituent.	Ideas:- 1) Extra day each month for bin collection - Wildridings. 2) By law discussion on a legal measure of espresso coffee. i.e 30ml not 8ml etc, 3) Less rubbish in the town. i.e. litter pickers and awareness campaign. 4) Less obtrusive setup at the DWP phonex house. Too much security - Its not a prison! 5) More tree planting education workshops for the community. 6) More activities for the unemployed to volunteer with to help out the community. 7) Don't leave the private addresses of councillors on display outside of Times Square. Public officials need to be protected. Less boundaries more bridges towards friendship with those involved in the political fraternity who make decisions.	Get a move on a represent the needs of the community :) P.S We need more doctors available more often to support those who are sick. Have a great time serving.
12	Unclear	Bracknell Town Council	Flowers preserve the flora and trees fauna for future are top generations to enjoy. Notch in your grand children will some parts. Thank you Make social housing secure	Bin collection more often in Wildridings in case people forget. Develop tree nursery at dump site to plant strategically along roads.	More community vegetable/ flower nursery plots for community to learn gardening/ horticulture. More litter awareness in schools. Make Bracknell and Windsor the same parish?	Mandate Gail's Bakery to give more coffee in their double espresso. There needs to be a legal measure of coffee. A bylaw could suffice for the time being. Secret smile project: use it to identify chief smilers and reward them with money each year anonymously.
13	Member of public	Warfield Parish Council	I believe I would be better represented by the boundary changes.			
14	Member of public	Warfield Parish Council	The inclusion of Nuptown and Hayley Green within Winkfield Parish is sensible.
