

# Risk assessment pro-forma

**Risk assessment for:** Pre booked school children's visits

**Department:** Place, Planning & Regeneration

**Location/Site:** The Look Out Discovery Centre

**Activity:**

Pre-booked school group visits to The Look Out Discovery Centre from September 2023

**Name signature and date of person carrying out assessment:**

Mark Croll, Facilities Manager

**Name(s), signature(s), and date of person(s) consulted:**

Julia Inglis-Taylor, Exhibition Manager  
Dean Potts, Operations Manager

**Version Number:** 26

**Date of risk assessment:** 11<sup>th</sup> September 2023

**Date of Review:** September 2024 (or sooner if circumstances change)

**If you have any problems or concerns during your visit to The Look Out please ask to speak to the Duty Manager on the day of your visit, who will endeavour to resolve any issues.**

Copies to: Risk Assessment File

Explainers JC/SD/RDS/MK/FY  
Weekend Explainers  
Coffee Shop KR/EM  
Cleaners IG/SF  
Shop ST  
Reception PG/KJ/FD/SM/LS  
Teacher / Leader of pre-booked group visits

Quality Badge awarded by

OHS 59077

## Risk Assessment Scoring

**Consequences** – most probable result of the potential accident

<u>Consequences</u>	<u>Score</u>
Death	100
Permanent disability (including amputation or impairment of any function)	50
Temporary disability for more than 3 weeks	25
For 3 days to 3 weeks	5
For less than 3 days	3
Minor Ailments (cuts, bruises, bumps and no lost time)	1

**Exposure** – the frequency of occurrence of the hazard event

<u>Exposure</u>	<u>Score</u>
Hazard present: many times daily	10
Once a day	6
Once a week to once a month	3
Once a month to once a year	2
Less often than once a year	1

**Probability** – likelihood of accident sequence following to completion

<u>Probability</u>	<u>Score</u>
Very likely	10
Likely to occur	6
Possible	3
Very Unlikely	0.5

A multiplication of these three values will give an overall risk score. This will enable a judgement to be made as to action required

<b>Score</b>	<b>Judgement</b>	<b>Classification</b>
0 – 100	Risk could be acceptable	LOW
100-200	Hazard requires attention	MEDIUM
200+	Hazard requires urgent attention / action control measures	HIGH

<b>WHAT ARE THE HAZARDS WHICH MAY BE CAUSED</b>	<b>Who/what may Be harmed?</b>  (give specific groups of people e.g. staff, visitors, contractors, pupils, residents, cleaners, disabled etc. and estimate numbers; include significant property damage)	<b>What is done now?</b>  (i.e. provision of training, corporate and local standards complied with, existing codes of safe working practice, protective equipment, guarding, supervision, monitoring systems, specific assessments under health and safety regulations e.g. COSHH, DSE, noise, manual handling, fire etc).	<b>How bad is the risk?</b>  (It may help to use the risk assessment scoring system. Consequences x Exposure x Probability. Evaluate the risk as LOW, MEDIUM or HIGH)	<b>What needs to be done?</b>  (What action should be taken or needs to be considered in order that the risks identified are effectively controlled)	<b>By when?</b>  (What is the target date for completion?)
<b>Slips/trips and falls?</b> (i.e. wet/slippery/ poorly maintained floors, poor storage, trailing cables, work at heights). <ul style="list-style-type: none"> <li>• General trips</li> <li>• Falls from equipment/exhibits</li> <li>• Any uneven surfaces including steps and stairs</li> <li>• Fall into glass</li> </ul>	<ul style="list-style-type: none"> <li>• Visitors</li> <li>• Children</li> </ul>	<ul style="list-style-type: none"> <li>• Warning signs put up when floors are being mopped/toilets being cleaned</li> <li>• Staff clean up spills</li> <li>• Visitors are not allowed to eat or drink in the exhibition, except for water from the water dispenser which should be drunk in that vicinity.</li> <li>• Children not allowed to run in centre</li> <li>• Children are not allowed to climb on any exhibits – explainer advises as part of welcome talk on arrival</li> <li>• All staff carry a two-way radio</li> <li>• Stairs in main exhibition have anti-slip edges</li> <li>• Yellow edging on main exhibition outside steps and seminar room steps</li> <li>• All glass in the building is safety glass and fully complies with the British Safety standard.</li> <li>• Signs up – ensure children are supervised at all times</li> </ul>	<p>(5x2x3=30) Low</p> <p>(3x3x3=27) Low</p> <p>(3x3x3=27) Low</p> <p>(3x1x0.5=1.5) Low</p>	<ul style="list-style-type: none"> <li>• Teacher/helper to inform staff of any spills</li> <li>• Teacher/helper to note and enforce procedures and ensure adequate supervision during the visit</li> </ul> <p>Teacher/helpers to note and ensure adequate supervision during the visit.</p> <p>To be aware</p>	<ul style="list-style-type: none"> <li>• At time of visit</li> </ul>

		<ul style="list-style-type: none"> <li>• Teachers and pupils should not attend The Look Out if they feel unwell or have tested positive for COVID-19 in the last 10 days.</li> <li>• If a member of staff tests positive, they should stay at home until they are feeling well enough to return to work.</li> <li>• Staff do not attend work if they are feeling unwell or have a high temperature.</li> <li>• Hand sanitisers are available throughout the centre.</li> </ul>			

## **HELP US TO HELP YOU**

- Please supervise your children at all times and curb too boisterous behaviour.
- If you see any health and safety issue, repair or maintenance job please report it to a member of staff immediately so that we can do something about it.
- There is a first aid room on site and a number of first aid staff on duty.
- If in doubt please speak to a member of staff. We are all here to help you.

## **CROWN ESTATE WOODLAND**

Please note that the forest is not The Look Out's land.

Crown Estate (01753 860222)

- Please be careful and supervise children at all times
- The forest is a natural environment and home to a number of native species such as deer, vermin, snakes, insects, wasps, ticks etc. School organisers should be aware that consequently the natural environment could present health hazards associated with some species.
- Be aware that this is a working forest with machinery operating and vehicles moving around the forest – keep your children well away from these areas/vehicles
- The Crown Estate actively discourage the building of wigwams
- Be safe!

2023

Dear Group Leader,

### **RISK ASSESSMENT FOR PRE-BOOKED GROUP VISITS**

Health and safety is a management priority at this site. We are very happy to share our risk assessments with you but please note that you will still need to do your own. You know your children and what kind of supervision they will need and how they will cope with new situations. If you have not visited The Look Out already then you are very welcome to have a complimentary visit so that you can assess the environment and activities that we hold for yourself.

Remember that our staff are here to help you but it is your responsibility for the supervision of your children.

We do hope that you and your children have an informative, fun and safe visit.

Yours faithfully

**Julia Inglis-Taylor**  
**Duty Manager**
