Notes at Q2

Added columns for Q2 reporting, updating formula fields, noting difference for bigger/smaller and -ve results

Identified where new data available

Where new data not available, carried over Q1 result etc to Q2

Where new data available added Q1 result as previous result

RAG key
Red
Amber
Green

Performance worse than previous result by 10% or more

Performance less than 10% worse than previous result

Performance is same or better than previous result

Trend Key
Significantly worse
Slightly worse
No change or better

*Note that tolerance for result vs. target for 'Percentage of businesses in key sectors' is set to:
Amber when performance less then 40% worse than previous result
Red when performance is more than 40% worse than previous result
